ANTITRUST CLASS ACTION**

Case History

In 2024, several class action lawsuits were filed alleging the Defendants contracted, combined and conspired to fix, raise, stabilize and/or maintain the price of Frozen Potato Products in violation of federal antitrust laws. It is impossible to predict the outcome, but money may become available to eligible class members if the class is certified, and a settlement is reached with the Defendants in the future. FRS will update this summary as the case progresses and new information becomes available.

If a monetary settlement is obtained, information about it will be available from Class Counsel.

You also may visit the Court-approved website once one is established.

Please understand that you have the right to file on your own if and when there is a monetary settlement.
